Responsible to meet the established scope and goals of the project– as designated by the Program Manager/ Project Lead.

Provides ongoing support to intermediate and junior level staff, assisting them in establishing and achieving personal goals and objectives, and in understanding and following all policies and following procedures.

**Minimum Education:**

Bachelor's Degree

### Project Scheduler/Controls II

**Minimum/General Experience:**

Four (4) years experience in construction management, project controls (cost and scheduling) and Risk Analysis.

**Functional Responsibility:**

Responsible to meet the established scope and goals of the project– as designated by the Program Manager/Project Lead.

Provides ongoing support to junior level staff, assisting them in establishing and achieving personal goals and objectives, and in understanding and following all policies and procedures.

**Minimum Education:**

Bachelor's Degree

### Project Scheduler/Controls I

**Minimum/General Experience:**

Two (2) years experience in construction, scheduling and cost analysis

**Functional Responsibility:**

Responsible to meet the established scope and goals of the project– as designated by the Program Manager/ Project Lead.

**Minimum Education:**

Bachelor's Degree

### Senior Logistics Analyst

**Minimum/General Experience:**

Five (5) years experience

**Functional Responsibility:**

Supervises junior employees.

Possess excellent analytical, and communication and Microsoft suite skills. Retains previous customer service experience, consumer products inventory planning, and distribution requirements planning. Performs on-line replenishment function utilizing customer systems. Forecasts/profiles, projects order creation and updates, and performance reporting.

**Minimum Education:**

Bachelor's Degree

### Junior Logistics Analyst

**Minimum/General Experience:**

One (1) year experience

**Functional Responsibility:**

Possess excellent analytical, and communication and Microsoft suite skills. Retains previous customer service experience, consumer products inventory planning, and distribution requirements planning. Performs on-line replenishment function utilizing customer systems. Forecasts/profiles, projects order creation and updates, and performance reporting.

**Minimum Education:**

Bachelor's Degree

### EVMS/Reporting Manager

**Minimum/General Experience:**

Five (5) years experience

**Functional Responsibility:**

Monitors all Program and Project activities for cost and schedule performance and develop associated Risks and Opportunities. Maintains Risk Management database for the Program and develop associated metrics for internal and external status meetings. Assigns and maintains dollar value to both Risks and Opportunities and ensure these values are reflected in the monthly Cost Performance Report (CPR) as Best Case, Most likely and Worst Case.

**Minimum Education:**

Bachelor's Degree

### Quality Compliance and Risk Manager

**Minimum Education:**

Bachelor's Degree

### Senior Project Scheduler

**Minimum/General Experience:**

Five (5) years experience

**Functional Responsibility:**

Completes and documents functional and technical requirements of a project. Provides expert knowledge on assigned tasks, functionality and associate/customer processes. Implements project management processes and methodologies to help ensure that projects are delivered on time, within budget, adhere to high quality standards, meet customer & company expectations, wherever applicable. Manages project teams for complex business area initiatives.

**Minimum Education:**

Bachelor's Degree

### Intermediate Project Scheduler

**Minimum/General Experience:**

Three (3) years experience

**Functional Responsibility:**

Supervises junior employees. Understands business requirements of the customers and translates to specific project requirements. Ensures that the solution recommended meets client objectives for the project. Documents and analyzes the required information and data. Understands the project scope and translating the task requirements. Evaluates the information gathered through workshops and surveys, business process description and task analysis. Effectively communicates with internal teams and external clients to deliver functional requirements. Very strong technical skills coupled with business intelligence and a deep understanding of customer's needs so that they can be transformed into application and operational requirements. Acts as an interface between business units, technology teams and support teams

**Minimum Education:**

Bachelor's Degree

### Junior Project Scheduler

**Minimum/General Experience:**

One (1) year experience

**Functional Responsibility:**

Understands business requirements of the customers and translating them to specific project requirements. Ensures that the solution recommended meets client objectives for the project. Documents and analyzes the required information and data. Understands the project scope and translating the task requirements. Evaluates the information gathered through workshops and surveys, business process description and task analysis. Effectively communicates with internal teams and external clients to deliver functional requirements. Very strong technical skills coupled with business intelligence and a deep understanding of customer's needs so that they can be transformed into application and operational requirements. Acts as an interface between business units, technology teams and support teams

**Minimum Education:**

Bachelor's Degree

### Senior Document Management

**Minimum/General Experience:**

Five (5) years experience

**Functional Responsibility:**

Provides technical leadership and guidance to support, evolve, and design enterprise-wide document management; records management and image capture solutions. Projects encompassing Document/Records solutions is currently centered on utilizing MS SharePoint services for retention, versioning and management.

**Minimum Education:**

Bachelor's Degree

### Intermediate Document Management

**Minimum/General Experience:**

Three (3) years experience

**Functional Responsibility:**

Supervises junior employees.

Provides technical leadership and guidance to support, evolve, and design enterprise-wide document management; records management and image capture solutions. Projects encompassing Document/Records solutions are currently centered on utilizing MS SharePoint services for retention, versioning and management.

**Minimum Education:**

Bachelor's Degree

### Junior Document Management

**Minimum/General Experience:**

One (1) year experience

**Functional Responsibility:**

Provides technical leadership and guidance to support, evolve, and design enterprise-wide document management; records management and image capture solutions. Projects encompassing Document/Records solutions are currently centered on utilizing MS SharePoint services for retention, versioning and management.

**Minimum Education:**

Bachelor's Degree

### Portal Management Analyst

**Minimum/General Experience:**

One (1) year experience

**Functional Responsibility:**

Provides technical support, evolve, and design enterprise-wide document management; records management and image capture solutions. A project encompassing Document/Records solutions is currently centered on utilizing MS SharePoint services for retention, versioning and management.

**Minimum Education:**

Bachelor's Degree

### Senior Data Analyst

**Minimum/General Experience:**

Five (5) years experience

**Functional Responsibility:**

Provides analytical, strategic thinking to optimize performance for the benefit of the project and clients. Executes the project scope. Provides in-depth data analysis, an understanding of the marketing processes to make specific recommendations to leadership. Brings experience to marketing, fostering a test-and-learn approach to project decisions- with the end goal of maximizing the effectiveness of project efforts. Demonstrates a knowledge and natural curiosity that leads to continuous improvement in analytical techniques used in industry related processes.

**Minimum Education:**

Bachelor's Degree

### Junior Data Analyst

**Minimum/General Experience:**

One (1) years experience

**Functional Responsibility:**

Performs complex data analysis in support of ad-hoc and standing management or customer requests. Relays data to project stakeholders and uses current economic or market conditions to project future trends and sometimes being involved in the research and development stage of a project. Performs the analysis, running various mathematical calculations to determine how the data samples might best be applied to the project. Executes all project tasks and project scope at the direction of the Senior Analyst or Project Lead.

**Minimum Education:**

Bachelor's Degree

---

---

## Cost Estimator

---

***Minimum/General Experience:***

Two (2) years experience

***Functional Responsibility:***

Responsible for understanding of all configuration definition and cost impacts in support of change pricing for non-recurring & recurring. Works with the preparation of recurring 'should-cost' estimates. Changes pricing fact find and negotiations. Develops sourcing strategy evaluation for cost impact.

***Minimum Education:***

Bachelor's Degree

---

## GSA TRAINING COURSE DESCRIPTIONS

1	Course Title	BOXI 100 Overview of Business Objects, Report Design for P2
2	Course Description and Objectives	A comprehensive look at creating, analyzing, and accessing and sharing documents and reports. Users will also learn to enhance the presentation of data using charts and graphs. This course is not intended for report writers.  <b>Location:</b> Virtual
3	Length of Course (hours/days)	4 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$660.00
6	Support Materials Provided	No
9	GSA Course Price	\$646.80

1	Course Title	BOXI 101 Business Objects Report Design for P2
2	Course Description and Objectives	A comprehensive look at creating, analyzing, and sharing documents and reports. Users will design custom reports to be used at all levels within the USACE. Users will also learn to enhance the presentation of data using charts and graphs. This course is intended for report writers.  <b>Location:</b> Classroom/Virtual
3	Length of Course (hours/days)	16 Hours Classroom 18 Hours Webinar
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$2,640.00
6	Support Materials Provided	No
9	GSA Course Price	\$2,587.20

1	Course Title	BOXI 200, Advanced Business Objects Report Design for P2
2	Course Description and Objectives	An in-depth investigation of the features and functions required to leverage the full power of Business Objects™ reporting. By incorporating P2 data, advanced report design will build upon lessons learned in BOXI 101. This course is intended for report writers.  <b>Prerequisites:</b> BOXI 101 <b>Location:</b> Classroom/Virtual
3	Length of Course (hours/days)	8 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$1,320.00
6	Support Materials Provided	No
9	GSA Course Price	\$1,293.60

1	Course Title	CEFM 100, CEFMS for Project Execution
2	Course Description and Objectives	<p>Illustrates the data connections between CEFMS requirements and the Primavera Project Manager™ module of the P2 system. Users will be able to recognize missing data elements that preclude successful creation of CEFMS purchase requests and commitments for the project.</p> <p>Note: This course is not intended to train users on the use of CEFMS.</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	1 Hour
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$165.00
6	Support Materials Provided	No
9	GSA Course Price	\$161.70

1	Course Title	EXEC 100 Earned Value Analysis for Executives
2	Course Description and Objectives	<p>This course will provide USACE executives with an understanding of earned value capabilities and how to apply these capabilities to the management of schedules and budgets.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	45 Minutes
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$165.00
6	Support Materials Provided	No
9	GSA Course Price	\$161.70

1	Course Title	EXEC 101 Workload Analysis for Executives
2	Course Description and Objectives	<p>This course will provide USACE executives with an overview of workload analysis. Executives will understand how to allocate resources to ensure projects are completed on time.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	1 Hour
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$165.00
6	Support Materials Provided	No
9	GSA Course Price	\$161.70

1	Course Title	OFA0 100 Oracle Financial Analyzer (OFA)
2	Course Description and Objectives	<p>An introduction to using the OFA application. Users will learn to analyze data and generate reports through OFA and will focus on the use of value selection tools, using the report toolbar, sorting and ranking reports, and exporting data. Users will also learn dimension and hierarchal values, customization of existing reports, creation of new reports, and how to design graphs from tabular data. Users will create exception and color-coded report documents.</p> <p><b>Prerequisites:</b> OFA license</p> <p><b>Location:</b> Classroom</p>
3	Length of Course (hours/days)	8 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$1,320.00
6	Support Materials Provided	No
9	GSA Course Price	\$1,293.60

1	Course Title	P200 100, P2 How to
2	Course Description and Objectives	<p>A comprehensive introduction to the P2 environment and the applications that comprise P2. P2 Systems include Primavera™ Project Manager/ P6 Web and CEFMS basics. Users will understand the process of initiating a project, scheduling and managing the project, and interfacing with CEFMS. Students will use BOXI to create a report based upon their project created in the classroom.</p> <p>This course is comprehensive and can be taken in place of the following courses: CEFM 100, P200 110, or PVPM 100, PVPM 140, PVPM 150, BOXI 102</p> <p><b>Prerequisites:</b> Primavera Project Manager™ license</p> <p><b>Location:</b> Classroom</p>
3	Length of Course (hours/days)	24 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$3,960.00
6	Support Materials Provided	No
9	GSA Course Price	\$3,880.80

1	Course Title	P200 110 Navigating Corporate Management Information (CMI)
2	Course Description and Objectives	<p>An in-depth guide to navigating through CMI. Users will learn to find project information, apply filters to select specific types of projects and to locate and understand the CMI mapping document. Instructions on accessing the CMI data sheet and e-PMP document information are also covered.</p> <p><b>Prerequisites:</b> Basic understanding of Windows and web applications</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	1 Hour
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$165.00
6	Support Materials Provided	No
9	GSA Course Price	\$161.70

1	Course Title	P200 130 Troubleshooting P2 Projects
2	Course Description and Objectives	<p>Learn to successfully troubleshoot problems encountered when interfacing project data within the P2 system. Learn common issues, resources for resolving problems, and how to utilize Best Practices to reduce interface issues.</p> <p><b>Prerequisites:</b> P200 100 or PVPM 100</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	1 Hour
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$165.00
6	Support Materials Provided	No
9	GSA Course Price	\$161.70

1	Course Title	P200 200 Advanced P2 How To
2	Course Description and Objectives	<p>This course will provide users a more in-depth understanding of the P2 system and the relationships within the system.</p> <p><b>Prerequisites:</b> P200 100, Primavera Project Manager™ license</p> <p><b>Location:</b> Classroom</p>
3	Length of Course (hours/days)	8 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$1,320.00
6	Support Materials Provided	No
9	GSA Course Price	\$1,293.60

1	Course Title	VVPM 100 Introduction to Network Activity Scheduling
2	Course Description and Objectives	<p>An introduction to project management and network activity scheduling. Users will create consistent and logical schedules, set reasonable milestone dates, understand resource curves, create activities with the appropriate level of detail, set reasonable activity durations, apply logic to schedules, and understand the critical path method using Primavera™.</p> <p><b>Prerequisites:</b> Primavera Project Manager™ license</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	3 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$495.00
6	Support Materials Provided	No
9	GSA Course Price	\$485.10

1	Course Title	VVPM 110 Primavera Earned Value Analysis
2	Course Description and Objectives	<p>This course will provide users with a comprehensive look at earned value capabilities. How to manage project costs, measure earned value, and how to analyze budget, actual, forecast, and performed costs will be comprehensively covered. Users will learn how to generate the statistically accurate estimates required to understand and communicate project performance before problems arise.</p> <p><b>Prerequisites:</b> P200 100 or VVPM 100</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	3 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$495.00
6	Support Materials Provided	No
9	GSA Course Price	\$485.10

1	Course Title	VVPM 130 Primavera Project Manager™ for PDT Members
2	Course Description and Objectives	<p>An introduction to statusing and scheduling projects with emphasis on statusing, scheduling, and costing projects. The focus will be on the Project Delivery Team member's role requirements. Users will work on a training project to create and delete activities, incorporate status, maintain accurate dates, and to add resources to a project.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>

5	Price for Additional Students Above Minimum	\$495.00
6	Support Materials Provided	No
9	GSA Course Price	\$485.10

<b>1</b>	<b>Course Title</b>	<b>PVPM 140 Primavera™ P6 Web</b>
2	Course Description and Objectives	<p>P6 Web is used for planning, monitoring and controlling projects. Users will view a demonstration of the web-based interface and learn how to manage projects, portfolios, and resources while sharing data with other project team members.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	4 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$660.00
6	Support Materials Provided	No
9	GSA Course Price	\$646.80

<b>1</b>	<b>Course Title</b>	<b>PVPM 150 Project Initiation Dashboard and Maintenance Portlet</b>
2	Course Description and Objectives	<p>This course provides an introduction to the new Project Initiation feature within P6 Web. The requirement to use Oracle Projects has been removed which will allow for additional performance and functional improvements with P2v3. The processes are still the same, however the way they are accomplished has changed. The changes and their underlying purpose will be addressed through training.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>
3	Length of Course (hours/days)	4 Hours
4	Minimum/Maximum Number of Participants	1/25
5	Price for Additional Students Above Minimum	\$660.00
6	Support Materials Provided	No
9	GSA Course Price	\$646.80

1	Course Title	ENV0 100 Environmental Project Management
2	Course Description and Objectives	<p>A comprehensive introduction to the P2 environment and Environmental Program specific criteria. This course allows users to work with Primavera™ Project Manager and P6 Web, CEFMS, and other systems specific to Environmental projects. A training project will be utilized to allow users the opportunity to apply the information presented in the classroom. This course is intended for users that work with Environmental projects.</p> <p><b>Prerequisites:</b> None</p> <p><b>Location:</b> Virtual</p>
